About Me

I, Nahom Yifru, am currently pursuing an Associate in Database Programming and Administration at Bergen Community College, bringing a diverse skill set in programming languages and database management. With practical experience in animal welfare organizations and volunteering roles, I excel in problem-solving and communication, thriving in fast-paced environments. Committed to excellence, I am poised to make meaningful contributions in any setting.

Work Experience

S.T. Hubert's Animal Welfare, Washington DC (September 2023 - Present)
Maintenance Technician

- Perform troubleshooting, diagnostics, and repairs across all St. Hubert's facilities, managing various tasks efficiently.
- Serve as the primary liaison with facility-related vendors on-site, overseeing their work as necessary.
- Prioritize and handle work orders promptly, addressing urgent requests with precision.
- Manage inventory, order necessary supplies and parts, and maintain accurate documentation.

Humane Rescue Alliance, Washington DC (January 2023 - August 2023)
Internal Transport Specialist

- Provide support to diverse customers and colleagues while ensuring the welfare of numerous animals, ranging from dogs and cats to rabbits, ferrets, and iguanas.
- Daily care for over 60 dogs, 30 cats, and 20 smaller animals, maintaining open communication with medical and behavioral departments to guarantee their well-being.
- Conduct weekly internal transports of animals, averaging 15 to 20 per week.

Worldwide Order of Jehovah's Witnesses, Wallkill NY (November 2019 - January 2023)
Volunteer Laundry Assistant

- Organize maintenance requests within the laundry department using spreadsheets, effectively managing multiple tasks simultaneously.
- Demonstrate success in working under tight deadlines and in fast-paced environments.

Montgomery College, Silver Spring MD (January 2019 - November 2019)
Learning Center Assistant

- - Responsible for scheduling tasks and assisting students with various school software applications, including Microsoft Office, Visual Studios, and Adobe software, as well as accessing school servers through PuTTY
